**Executive Headteacher: Mr P. Slack**

**Headteacher: Miss R. Baramuszczak**

13<sup>th</sup> March 2017

Dear Parent / Carer

As part our Year 5 Science studies of life processes we will shortly be starting a unit of work on asexual and sexual reproduction.

Our studies follow the National Curriculum with pupils learning about the differences in the life cycles of a mammal, an amphibian, an insect and a bird. We will also study the life processes of reproduction in plants and animals.

If you have any questions relating to your child's learning in this area please do not hesitate in contacting either your child's Science teacher or myself.

Yours sincerely

**Mr M. Hall**  
**Assistant Headteacher/ Head of Science**
