"Loving and Learning together."

Wednesday 16th October 2024

Dear Parent/Carer

KS3 After School Production, Light and Sounds Club

We are excited to announce the launch of a new after-school club designed to ignite the creativity and technical skills of our Key Stage 3 pupils. The club will be run by our resident DJ Tom Baron and will offer a variety of engaging activities in the fields of light and sound control, radio broadcasting, and event production.

We believe this is a fantastic opportunity for pupils to explore new interests, develop practical skills, and work collaboratively on exciting projects.

Club Activities will include:

- **Light Control:** Learn about feature lighting, control software, and setting up lighting systems.
- **Disco Production:** Get hands-on experience in choosing light fixtures and setting up events.
- **Radio Broadcasting:** Dive into radio show production, jingle creation, DJ work, and microphone control.
- **Sound Control:** Understand sound input and output, levels setup, and microphone setup.
- **Theatre Sound and Light Setup:** Explore the intricacies of theatre sound and light setup and control.
- **Computer Sound/Light Control and Automation:** Discover how to control and automate sound and light using computer software.

The club will meet on Wednesday from 3:45pm to 4:45pm, starting on Wednesday 6th November.

If you would like your child to attend this club, please complete the online consent form by clicking on either <https://forms.office.com/e/PL0LMj36X7> or  by 11:45pm next Friday, 25th October 2024.

We look forward to seeing our students shine in this new and innovative club!

Yours sincerely,

A. Grattage
