Dear Parent / Carer

### 5B Recorder Music Lessons

During the next few weeks 5B pupils will be studying the recorder during their Music lessons. This is an integral part of the music curriculum, the recorder helps students learn to read music and provides an instrument for solo and ensemble playing.

Whilst we have a few instruments in school that are sanitised after every use, the most effective and hygienic option is for pupils to bring their own instruments in. These are readily available from most music shops and from on-line retailers such as Amazon for as little as £4.00.

I ask for your support in ensuring that your child is provided with a recorder and brings the instrument into school on the days they have their music lessons. I would also advise that you make sure that the recorder is labelled clearly with your child's name.

At this stage it is not necessary to purchase any music books/sheets as these will be provided by the school.

If you would like any further information, please do not hesitate in contacting me via the school office.

Yours sincerely

**Mrs E Trender**  
**Music Teacher**
